SWAT SOUTH WEST JUNIOR CHALLENGE 2020

The aim of this competition is to promote agility and encourage Junior Handlers in the South West.

Heats are held at various shows in the South West over the year. There will be a separate competition for Under 9s and 9 and over up to 16. The first and second placed handler and dog from each qualifier will be invited to compete at the Final. If a handler and dog partnership has already qualified in either age group, or is unable to attend, the invitation may be given to the next placed pair (provided they have not been eliminated). All heats and the Final will consist of a Jumping Course for all heights and with all heights (including LHO) competing against each other. The class will have two sets of awards. Under 9 years old and 9 years old and over up to 16 years on 21st September 2019. Please indicate which age category applies when entering the class. Within each age group, all grades and heights of dogs will be combined. If dogs are entered in any other classes at the show they must run at the same height. All dogs will run the same course and there will be one single opportunity to walk before the class starts. Small LHO dogs will jump first and the jumps will be raised progressively up to Large Full Height. The course will be a flowing Jumping course aimed at building confidence for Junior handlers.

ELIGIBILITY FOR CLASSES.

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw.. With this proviso classes are defined as follows:-

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade.

To count for progression wins must be gained in standard classes at Kennel Club Licensed Agility Shows.

Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade.. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two height with a change part way through to raise/lower the jump heights and may extend/reduce the length of the long jump and width of the rising spread, within the permitted ranges, and competitors must run at their entered height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

Competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.
